

Electrolux Line 5000 - Designed by experts. Inspired by you.

Excellence means constantly aligning superior products and services to customer needs. It means going the extra mile to transform machines into a solution. It implies continuously evolving to stay one step ahead of your own personal best.

Ultimate durability

Due to robust mechanical construction, our machines require less maintenance & are optimised for all kinds of operations & environments—for reliability you can count on.

Enhanced “Green” economy

Lowering operational costs can be done without compromising quality. We provide you with solutions that use less water, energy and detergent in order to make wash and dry cycles more efficient.

Maximum flexibility

The new Compass Pro® control system maximises performance and gives you all the flexibility you could wish for. In addition to making life easier, this offers you unique ergonomic extras even before loading.

FEATURES AND BENEFITS

- Axial airflow and tight construction gives low energy consumption
 - High productivity – 2 full loads per hour
 - Large door opening for easy loading and unloading
 - Easy and ergonomic access to the lint screen
 - Excellent water evaporation efficiency per kWh
 - Compass Pro program control
1. Large and clear display with control knob for easy program selection
 2. Easy access with user friendly interface
 3. Drying program packages optimising Economy, Care and Time
 4. SERVICE EXCELLENCE from DALOW – the family business specializing in laundry and catering equipment SALES-SERVICE-REPAIRS-SPARE PARTS
